EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Douglas Hanscom (reg. no. 26,600) on March 12, 2007.

The application has been amended as follows:

IN THE CLAIMS:

In claim 44, line 1, the phrase "further including a dressing" was deleted.

In claim 44, lines 2-3 were deleted in their entirety and replaced with the following language: --wherein said other of said first and second groove opening walls is adapted to hold a dressing leading end leg--.

Claim 47 has been canceled.

In claim 48, line 1, the term "47" was deleted and replaced with --39--.

In claim 54, line 1, the phrase "further including a dressing" was deleted.

In claim 54, lines 2-3 were deleted in their entirety and replaced with the following language: --wherein said front edge is adapted to hold a dressing leading end leg--.

In claim 55, line 1, the phrase "further including a dressing" was deleted.

Art Unit: 2854

In claim 55, lines 2-3 were deleted in their entirety and replaced with the following language: --wherein said first groove opening wall is adapted to hold a dressing leading end leg--.

Claim 58 has been canceled.

The above changes to the claims were to correct several obvious formalities. In particular, claims 47 and 58 were canceled since each of these claims were merely a double recitation of subject matter previously recited in the parent claims. Additionally, claims 44, 54, and 55 were amended to provide a proper recitation with respect to the claimed structure. Specifically, claims 44, 54, and 55 were reworded since it appears that the dressing is not part of the positively recited structure and therefore the claims were rewritten to positively recite the desired relationship between the dressing leading end leg and the groove wall as a function of the recited groove wall.

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to **Leslie J. Evanisko** whose telephone number is **(571) 272-2161**. The examiner can normally be reached on T-F 8:00 am-6:30 pm.
